spine: Ø 18 Exel fiberglass tube
cross spar: Ø 12 Exel fiberglass tube
lateral spines: Ø 8 ramin wood
upper & lower cross spars:
Ø 10 Exel fiberglass tube

€ 580

The price of these large kites reflects the large amount and high cost of material and the time and work that go into them. I am constantly looking for ways to reduce such costs (and the resulting retail price) whilst maintaining the same quality (materials' performance and craftsmanship).
